### Key Word of the Week

## Serialism

*A composition technique where  
the 12 notes of the chromatic  
scale are fixed in a certain order.*

*These notes can then only be  
used in that fixed order and  
changes are governed by strict  
rules. This creates much  
dissonance and interruptions in  
the music. Total Serialism meant  
that each element: pitch, tempo,  
rhythm, dynamics were only  
used in a specific order.*
