

Year 12 Music Transition Task

Prepare a PowerPoint presentation which analyses your favourite piece of music. This presentation will be delivered in your first music lesson.

To start you should put the piece of music into context: composer, genre, purpose, time etc.

You should then use MR T SMITH to structure your presentation. However, the way you present this information is completely up to you.

You will also be expected to perform part or the whole piece of music.

You could also produce a handout if you wish. No more than 1 side of A4.
