Transition Task 1

For the first week back you will need to prepare a solo performance lasting any amount of time on any instrument. However, you will need to ensure the following things:

- You will need a copy of the piece you perform for you performance log and folder.
- It can be a piece of any standard – remember it is better to play a simple piece correctly than a more difficult piece incorrectly.
- So that we can actually practise it, if there is an accompaniment for your piece bring it in on the first day of term for us.

Transition Task 2

When we start the A level course we will start the composition section by recapping on basic theory whilst completing composition techniques exercises. Whilst we will go over basic theory you will be working towards achieving Grade 5 theory. If you've not done any theory we'd like you to complete a free Open University Basic Theory (approx. grade 1-3) course, for which you can print out a certificate of completion!

What is your favourite piece and why?

Choose something about one of the other tracks that interests you (e.g. instrumentation, harmony, rhythm). Describe this aspect of the music and why you find it interesting.

What is your least favourite track?

If you had to compose a piece that took inspiration from one of these tracks, which one would you choose and why.
