

The Wellington LGBTQ+ Council

Led by Miss Tedford and Mr Vernon

This Council has run for 2 years so our LGBTQ+ pupils have representation within School.

- We have created resources and presentations alongside questionnaires.
- A spokesperson from The Proud Trust (based in Altrincham) came into school to do a session specifically on sexuality and gender.
- Kooth Counselling Services have also come in and given a session after school on sexuality/gender (including things such as terminology, issues surrounding bullying and mental health).
- We have created Pride Month presentations for all year groups, collaborated with History department on a LGBTQ+ History Month presentation and have created resources to promote both inclusivity and diversity.
- We have LGBTQ+ flags for every tutor base in order to showcase acceptance and diversity within school.

Our group is a safe space; one in which members can simply be themselves and make new friends. Parents are overwhelmingly supportive.

This year we are working on Transgender Awareness.
