1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

All of the above aligns coherently with the overall school aims:

- create happy and successful young people
- enable all students to be the best they can be
- fulfil the academic potential of ALL our students
- develop the skills and attributes (character) in our students to live and work in tomorrow's global society
- instil the values and morals to be able to contribute to our community and beyond

2. Statutory requirements

As a secondary academy school we must provide RSE to all pupils as per section 34 of the Children and Social work act 2017.

In teaching RSE, we are required by our funding agreements to have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At Wellington School we teach RSE as set out in this policy.

3. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

4. Curriculum

Our curriculum covers content as per Appendix 1 (pages 6-9) but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

5. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Some biological aspects of RSE are also taught within the science curriculum, and other aspects are included in Religion, Ethics and Philosophy education (REP).

Pupils also cover RSE during KS4 and KS5 weekly Curriculum 4 Life sessions.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendix 1.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

6. Roles and responsibilities

6.1 The Governing Board

The Governing Board will hold the Headteacher to account for the implementation of this policy.

6.2 The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE.

6.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

Teachers responsible for the delivery of Relationships and Sex education are:

L Taylor-Crooke (Designated Mental Health Lead and PSHE coordinator)

E Swords (Head of Social Science and Teacher of PSHE)

N Doggett (Teacher of PSHE)

REP staff

Science staff

All tutors across KS3 and KS4 and KS5

6.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

7. Parents' Right to Withdraw

Parents' have the right to withdraw their children from the [non-statutory/non-science] components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 2 (page 10) of this policy and addressed to L Taylor-Crooke (Designated Mental Health and Wellbeing Lead) and at lcrooke@wellington.trafford.sch.uk

A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from sex education.

8. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

9. Monitoring Arrangements

The delivery of RSE is monitored by L Taylor-Crooke through:

Learning walks, pupil voice activities, work scrutinises, staff voice.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by L Taylor-Crooke annually. At every review, the policy will be approved by the Governing Board and the Headteacher.
