

Task 1: CERN instructions

Follow the instructions and sign up for the course at CERN. You'll get a certificate at the end that you can send Mr Morfee or print. This is also worth logging on Unifrog when you start on this in September as it'll look great on CV/UCAS applications further down the line.

<https://ppc.web.cern.ch/>

Task 2: Isaac Physics Instructions:

1. Go to the website Isaac Physics. (<https://isaacphysics.org/>)
2. You need to set up an account, on the homepage go to the **sign-up** button.
3. Set up your account by entering the details needed. Ensure you use your name as your teachers will be able to see all your details.
4. Once you are registered go to the teacher connections tab and enter the code: **27GLGU** to join the class group.
5. (Alternatively, you can use this link to join the group:
<https://isaacphysics.org/account?authToken=27GLGU>)
6. Once you have joined the group you will be able to see that you have been assigned some work to complete called **GCSE to A level transition – skills**. This work must be completed by the 1st September 2025. **As well as completing it online you must also show all of your working out on a separate piece of paper.**
