

## Curriculum Big Ideas

### Music

"Ah, music," he said, wiping his eyes. "A magic beyond all we do here!" Albus Dumbledore

- Everyone is a musician, regardless of experience, background, level of skill. We can all feel music, we can all make music.
- 'The power of music to change lives' (National Plan for Education). All it takes is one piece of music to reel in a person for life.
- Music makes memories.
- Creating unique opportunities and once in a lifetime experiences for all.
- Being a community, a team, leading and supporting each other.
- As all people are equal – all music is equal. Acceptance of new, different or challenging musical genres.
- No limits or boundaries to the music we experience – no judgement on musical tastes or preferences.
- Developing language which allows everyone to evaluate and explain and *justify* their musical preferences.
